Assignment 1: Specification & Test Plan

Due date: 11:59pm on Thursday January 28, 2016.
Format: Microsoft Word docx emailed to sean.doyle@humber.ca.
BE SURE TO PUT YOUR NAME IN THE FILENAME: e.g. Assign1-YourName.zip
Purpose: To create a specification document and a testing document.

REQUIREMENTS:

1. Create an informal specification document for one of your JavaScript restaurant pages (pick an interesting one!)
2. It should simply describe how the page is supposed to work for the user (approximately half a page to a page long).
3. Swap your specification document with your partner.
4. Now, write an informal test plan based on the specification provided by your partner.
5. The first paragraph will be a high level description of issues of concern. Following this will be a list of tests that you would run.
6. Be sure to categorize the tests as Static/Dynamic; Black Box/White Box; Test-to-Pass/Test-to-Fail; and Boundary tests.
7. Email the combined specification/test plan to me.
